## Interview Narrative by Unit

Unit Name: Bald Eagle SP

Interview Date: 10/1/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Spring: school groups, trout fishing is low since this is a warm water fishery  
Summer: reunions, boating, camping  
Fall: school groups, hunting, camping (from PSU football games), passers-thru on I-80

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Lake and mountain setting.  
Variety of opportunities.  
Easy access to I-80 and State College

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

New office in planning stages.  
Paved roads.  
Replaced courtesy dock  
3 camping cottages to be constructed before 7/06

### 4. List opportunities for recreation growth and improvement.

Rail-trail link with Nittany/Bald Eagle Greenway.  
Cabins would extend use to year-round.  
Pontoon boat for interpretive boat tours.  
Bike lane on Skyline Drive Loop.  
Parks can be starter experiences for the uninitiated. Good place to introduce people to the natural environment.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Staffing is limited, no evening services or presence of office staff.  
Need a seasonal interpreter to help fulltime EES.  
Need an auto answer phone system to reduce staff needs. A prerecorded message would answer most common questions.  
Need permanent, dedicated staff at front desk.  
Eliminated services at campground contact station, this has lead to need for more law enforcement.

### 6. Develop a visitor profile of who is visiting the unit.

First time visitors: 19% (1997 Customer Satisfaction Survey)  
Families: 88% (1997 Customer Satisfaction Survey)  
PA residents: 94% (1997 Customer Satisfaction Survey)  
Average travel time: 1.3 hours (1997 Customer Satisfaction Survey)  
Average annual visits: 5 (1997 Customer Satisfaction Survey)

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

Lock Haven Regatta, Bellefonte Cruise-in, Centre Hall Grange Fair, PSU football games, Boalsburg People's Choice Festival, and Piper Fly-in draw visitors and campers to the park.  
Second largest number of bass tournaments in state  
Still looking for niche for a park festival

## Interview Narrative by Unit

Unit Name: Bald Eagle SP

Interview Date: 10/1/2004

Interviewer Name: Brenda Adams-Weyant

Tussey Mountain Outfitters in Bellefonte offers canoe rentals and livery service

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Fulltime EES (Env'r Ed Specialist)  
Nature guided hikes, family oriented.

Guest speakers.

Environmental education - reaches over 2000 students annually.

Teacher workshops - 3-4 annually.

Home school student days.

Senior and college groups.

Potential for virtual history of flooded towns.

Potential for more interpretation on bald eagle nesting.

Potential for more Native American topics - Shamokin Path.

Potential for interpretation on flood control and dam construction.

Historic Curtin Village is nearby.

Iron Furnaces along SR 26.

Invasive plant control program in park.

Notable scrub land habitat.

Water quality at this lake mitigates acidic water downstream.

Sand Hill Cemetery in park.

Foster Joseph Sayers Memorial in park.

### 9. Identify the volunteers and partners that support the unit's recreation program.

US Army Corps of Engineers is landlord.

PGC and Ruffed Grouse Society with invasive plant control program.

PFBC and volunteers for fish structures.

Bass clubs have workdays for litter pickup and fish cribs.

Court-ordered community service

Campground hosts

Bluebird nest monitoring

Focus group - represents stakeholders, acts as a Friends Group, support builders.

Scout projects

School groups

### 10. What is the one message that you want visitors to go home with?

Family fun in the outdoors.

Want to return.

Connecting with the outdoors.

### 11. Concerns and Suggestions?

Need to sell locals on the benefits of the PA Wilds - they will be the hosts to the visitors.

Need guides that will supply quality messages on conservation, DCNR mission, etc.

## Interview Narrative by Unit

Unit Name: Bendigo SP

Interview Date: 9/23/2004

Interviewer Name: Brenda Adams-Weyant

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**

Spring: trout fishing, first couple of weekends

Summer: swimming, pavilion use, reunions

Fall: walkers, peaceful

Most use is on weekends.

Most use is local - this was originally a Johnsonburg community park

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**

Good amount of repeat use.

Family tradition.

Community tradition.

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**

Sewage treatment plant then upgrade to flush toilets and showers.

**4. List opportunities for recreation growth and improvement.**

Limited use of park because 25% is wetlands.

Visitors asking for lodging on this side of the elk range. There are limited opportunities in this area.

Visitors asking that pool be open more.

**5. Identify the limitations that affect the delivery of recreation services to visitors.**

Size is a big limitation. Staff is small. Being a complex helps as you can shift as needed.

**6. Develop a visitor profile of who is visiting the unit.**

Average travel time:

Elk and McKean Counties

Seasonal home owners (Pittsburgh area)

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**

Occasional fly fishing guides

March: Ridgeway Chainsaw Carvers Rendezvous

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

Bendigo Complex: 3 month EIT (Envir Interp Tech)

Potential to reach community with evening programs.

Old sawmill site in park.

Nice wetland habitat.

Dam built by Works Progress Administration.

**9. Identify the volunteers and partners that support the unit's recreation program.**

**10. What is the one message that you want visitors to go home with?**

---

## **Interview Narrative by Unit**

---

**Unit Name:** Bendigo SP

**Interview Date:** 9/23/2004

**Interviewer Name:** Brenda Adams-Weyant

### **11. Concerns and Suggestions?**

## Interview Narrative by Unit

Unit Name: Black Moshannon SP

Interview Date: 10/13/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Cabins filled in summer, filled bear season though Christmas, weekends rest of year,  
Campground filled 60% of summer weekends  
Picnic pavilions almost filled on summer weekends, those closest to restrooms are used most  
Swimming use is sporadic because of tea colored water and aquatic vegetation  
Trout fishing is big first couple of weekends, good use throughout summer  
Hunting use mostly during archery and turkey seasons  
Winter use is steady because of groomed snowmobile trails in surrounding state forest  
Ice fishing starts earlier and ends later because of weather patterns

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Natural beauty  
Modern facilities - electric hookups, modern restrooms, electric in pavilions

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

### 4. List opportunities for recreation growth and improvement.

Rehab of historic schoolhouse (Antes).  
Need interpretive signing for Bog Trail.  
Need more modern cabins - no problem filling another 5-10 cabins.  
Expand term of employment for seasonal interpreter.  
Interpretation on the Philadelphia to Erie Pike (PA 504). Important crossing of the Allegheny Front. Town of Antes in Black Moshannon SP serves travelers on this historic road.  
Bordering airport is state owned land. Airport is struggling to survive. What will come of this land when it folds?

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Budget  
Cannot afford adequate staffing at this funding level.  
Union complicated staffing changes - perhaps a shift in positions tasks rather than getting rid of positions.  
Good opportunity to do more in the winter but does not have the staff to support. Feels that rustic cabins would get use in winter.  
Union limits flexibility in job splitting - Need to be able to shift employee duties to react more efficiently to needs.

### 6. Develop a visitor profile of who is visiting the unit.

First time visitors: 19% (1997 Customer Satisfaction Survey)  
Families: 79% (1997 Customer Satisfaction Survey)  
PA residents: 93% (1997 Customer Satisfaction Survey)  
Average travel time: 1.5 hours (1995 Customer Satisfaction Survey)  
Average annual visits: 11 (1997 Customer Satisfaction Survey)

Not a lot of use from the State College area - this is surprising.

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

January: Black Moshannon Winter Festival - contests, ice harvesting, sleigh rides, sledding, fishing derby

## Interview Narrative by Unit

**Unit Name:** Black Moshannon SP

**Interview Date:** 10/13/2004

**Interviewer Name:** Brenda Adams-Weyant

Earth Day: volunteers get free camping for helping with conservation projects

May: Annual 5 & 10 K Race and Walk at Black Moshannon, sponsored by YMCA

July: Black Moshannon Summer Festival - lumber camp contests, family oriented, awards in different categories, beach party, musical acts, craft fair.

September: Park Care Day - volunteers get free camping for helping clean the park.

Black Moshannon Mystery Show - adventure race, competitive bike race on SP and SF lands.

Bass Tournaments

No guide services in area

Auto Cross event at local airport - every other weekend Spring through Fall

### **8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

5 month EES (Envir Ed Specialist)

Evening amphitheater programs, guided walks,

Wildlife programs

Pontoon boat interpretive tours - water quality

Bog Walks

Environmental education for elementary school groups,

Project Wild

Project Learning Tree

### **9. Identify the volunteers and partners that support the unit's recreation program.**

Earth Day - 100-200 people, conservation related projects (tree planting, exotic species control), free camping for participants.

National Public Lands Day - 30-50 people, maintenance type projects (trails, fishing pier).

Student groups from State College.

Make a Difference Day - high school students in October.

Friends of Black Moshannon help with special events.

### **10. What is the one message that you want visitors to go home with?**

Getting to know Black Moshannon better. Experience the other aspects of what the park has to offer.

### **11. Concerns and Suggestions?**

Need to limit impact in small communities

Proposed landfill in Snowshoe threatens the new railtrail along Red Moshannon Creek.

---

## **Interview Narrative by Unit**

---

**Unit Name:** Bucktail SP

**Interview Date:** 10/27/2004

**Interviewer Name:** Brenda Adams-Weyant

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. **Highlight the features that attract visitors. What leads to loyalty and repeat visits?**  
Beautiful river valley framed by impressive mountains.
3. **Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**
4. **List opportunities for recreation growth and improvement.**  
River access is very limited. Need more for wayside interpretation, canoe access, fishing access, picnicking.  
Need well marked boundaries to resource management and to control private encroachment.  
Need restrooms.
5. **Identify the limitations that affect the delivery of recreation services to visitors.**  
Limited facilities
6. **Develop a visitor profile of who is visiting the unit.**
7. **List the special events, guide services and other visitor services in the vicinity of the unit.**
8. **Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**
9. **Identify the volunteers and partners that support the unit's recreation program.**
10. **What is the one message that you want visitors to go home with?**
11. **Concerns and Suggestions?**

## Interview Narrative by Unit

Unit Name: Chapman SP

Interview Date: 11/1/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

January: Winterfest, can be over 6000 people  
Spring: Trout fishing first 2 weekends very heavy use  
Memorial Day: camping and picnic use heavy  
Summer: camping throughout week, Holiday weekends heavy, pavilion use on weekends  
October: first 2 weekends good for camping on weekends, good day use  
Fall: open day of deer and Saturdays use is good  
Winter: snowmobile use heavy, ice fishing 40-50 on January weekends

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Lots of repeat campers - family tradition.  
Family oriented experience, safe environment  
Beach use because of lifeguards and gentle slope into water  
Winter use is local use, good sledding hill  
Internet and reservation system are spreading word of park

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

3 camping cottages and 2 yurts are under construction now.  
Connecting to municipal sewage line.  
New beach house in the planning stages.  
Campground bathhouse in planning stages.

### 4. List opportunities for recreation growth and improvement.

Winter overnight accommodations would be a gold mine. Snowmobilers always looking for accommodations in area. Chapman has direct access to groomed snowmobile trails.  
Need a more detailed account of local history.  
Better trail management - maps, signing, loop designations  
Family bicycle trail.  
Need more trail-trails in Allegheny Region.  
Need interpretive center/visitor center added on to existing office building.  
Potential for winter programming because winter use is good.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Road from US 6 needs to be improved.  
Lack of cell phone service - but does not want a tower to impact the viewcape.  
Staffing - extend interpretive seasonal

### 6. Develop a visitor profile of who is visiting the unit.

First time visitors: 8% (1997 Customer Satisfaction Survey)  
Families: 74% (1997 Customer Satisfaction Survey)  
PA residents: 85% (1997 Customer Satisfaction Survey)  
Average travel time: 1.3 hours (1997 Customer Satisfaction Survey)  
Average annual visits: 12 (1997 Customer Satisfaction Survey)

## Interview Narrative by Unit

Unit Name: Chapman SP

Interview Date: 11/1/2004

Interviewer Name: Brenda Adams-Weyant

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

January: Warren County Winterfest

January: Klondike Derby - boy scout winter skills program

August: US Canoe Association canoe sprints

Guided canoe trips on Allegheny River, Chapman could be a venue when river conditions are poor or unsafe.

Need more outfitters and package trips. Likes what is going on at Leonard Harrison SP

Youth Field Day

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

3-4 month EIT (Envir Interp Tech)

Amphitheater programs

Craft programs for kids

Wildlife topics

Environmental issues

Habitat and ecosystem topics

Bucher's Mill: logging town, dam remnants

### 9. Identify the volunteers and partners that support the unit's recreation program.

Campground Host program

Community sponsors for Winterfest.

Tionesta Valley Snowmobile Club maintenance on snowmobile trails.

Concessionaire provides job opportunities for persons with disabilities

Local school teachers work one week in park.

High school students have requirement for community service for graduation.

### 10. What is the one message that you want visitors to go home with?

Nice place for safe and secure family recreation.

### 11. Concerns and Suggestions?

Chapman seems to be separated from the rest of the PA Wilds. Will this really affect the park?

Warren provides good lodging, restaurants and services in this area of the PA Wilds.

PA Wilds Website should be one-stop shopping to connect people to all activities and services in the region.

Provide many cross-links in website to ensure that all users can find information no matter which way they look for it.

## Interview Narrative by Unit

---

Unit Name: Cherry Springs SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.

2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?  
Outstanding dark skies

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Complete restroom upgrades.  
Resurface day use and campground roads.  
Amphitheater seating.

4. List opportunities for recreation growth and improvement.

- Upgrade restrooms
- Hardened Surface for Parking
- Add Telescope Pads
- Purchase State Park Telescope
- Upgrade Interpretive Staff
- Web Site Development
- Add Observatory Dome
- Interpretive Center Astronomical Facility
- Add Campground Restroom & Showers
- Interpretive Center Web Development
- Wilds Nights Interpretive Center
- New Amphitheatre
- Lumber Heritage Integration
- Interpretive kiosks and signage
- Add Cabins
- Wilds Nights Branding
- Wilds Nights 2005 Weekends
- Fee Strategy
- Collateral Materials and Services

5. Identify the limitations that affect the delivery of recreation services to visitors.

6. Develop a visitor profile of who is visiting the unit.  
Northeast, Mid-Atlantic, Great Lakes regions of US

7. List the special events, guide services and other visitor services in the vicinity of the unit.

- January: Potter County Winterfest at Cherry Springs- horse drawn sleigh rides
- June: Cherry Springs Star Party
- August: Woodsman's Show - professional lumberman events and contests
- September: Black Forest Star Party-guest lectures, stargazing, equipment vendors
- April-October: Stars-N-Parks – stargazing programs

---

## Interview Narrative by Unit

---

**Unit Name:** Cherry Springs SP

**Interview Date:** 10/4/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

Hill Creek Complex: Fulltime EES (Envir Ed Specialist)

Located along the historic Coudersport Jersey Shore Highway (SR 44).

CCC Camp at Cherry Springs - replica of the historic Cherry Springs Hotel still standing.

Airstrip built in 1935 to provide emergency support for first transcontinental flights.

**9. Identify the volunteers and partners that support the unit's recreation program.**

Central Pennsylvania Observers sponsor the Black Forest Star Party.

National Public Observatory offers monthly public stargazing programs April thru October.

Dark Sky Fund operated through PA Parks and Forests Foundation.

Potter County Education Council

Potter County Visitors Association

**10. What is the one message that you want visitors to go home with?**

Preserve dark skies. People do not realize how fast night skies are disappearing.

Expand night sky interpretive programming

**11. Concerns and Suggestions?**

## Interview Narrative by Unit

Unit Name: Clear Creek SP

Interview Date: 10/29/2004

Interviewer Name: Brenda Adams-Weyant

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**

Spring: very heavy trout fishing in April

Mid June to Mid-August: use all week, camping, cabins, tubing

Fall: weekend use, low camping use, cabins serve SF and NF users

Hunting: camping

Winter: low and sporadic use

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**

Very loyal clientele

Family Tradition

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**

New shower house to replace pit toilets

**4. List opportunities for recreation growth and improvement.**

Add camping cottages.

**5. Identify the limitations that affect the delivery of recreation services to visitors.**

See Cook Forest

**6. Develop a visitor profile of who is visiting the unit.**

Local (within 25 miles): 9%

Pittsburgh Area: 33%

Other Locations in PA: 33%

Out-of-State: 8%

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**

Woody Owl Workday

Heath Township Sportsmen's Club Fishing Derby

Lumber heritage - demonstrations

Archaeological dig at mill site

Farmers Inn zoo, restaurant and mini-golf nearby

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

6 month EIT (Envir Interp Tech)

Historical Programs: Logging History, Clarion River past and present, CCC history.

Environmental Programs: wildlife, plants, aquatics, forest communities, weather and environmental issues.

CCC camp S53 located in park and built managers residence, cabins, picnic pavilions 1 and 2, maintenance building, nature center, dam.

Charred stumps from historic fires.

Historic sawmill and pond site near maintenance area.

---

## Interview Narrative by Unit

---

**Unit Name:** Clear Creek SP

**Interview Date:** 10/29/2004

**Interviewer Name:** Brenda Adams-Weyant

**9. Identify the volunteers and partners that support the unit's recreation program.**

Campground hosts

Woodsy owl volunteers

Trail adopters

Heath Township Sportsmen - fishing derby

Kitanning State Forest - hazard trees

**10. What is the one message that you want visitors to go home with?**

**11. Concerns and Suggestions?**

See Cook Forest

## Interview Narrative by Unit

Unit Name: Colton Point SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?
3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.
  - Rehab overlook 3 for ADA access - parking, walkway, surface and railing.
  - Replace day use pit latrines.
  - Rehab campground restroom for ADA, flooring, windows, fixtures.
  - Replace 3 pavilion roofs.
  - Replace drinking fountains.
  - ADA pavilion parking and access.
4. List opportunities for recreation growth and improvement.
  - Orientation signs at overlooks.
  - Provide orientation kiosks with maps sign and information on attractions.
  - Replace restrooms.
  - Maintain trails.
  - Upgrade overlook platforms.
  - Better signs at trailheads so visitors know what to expect.
  - Working with local outfitter to provide camping cottages in group areas. Would be used for guided trips.
  - Good potential for connecting with state forest for day hiking opportunities.
5. Identify the limitations that affect the delivery of recreation services to visitors.
6. Develop a visitor profile of who is visiting the unit.
  - Average travel time: X hours
  - Younger visitors, backpackers
7. List the special events, guide services and other visitor services in the vicinity of the unit.
  - May: Mothers Day Nature Walk
  - Pine Creek Outfitters - shuttle service, rental bikes, canoe/kayak rentals
  - Wild Asaph Outfitters - high end backpacking
  - Nature Quest - wagon and horse rides
  - TPA tour packages
8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.
  - Hill Creek Complex: 9 month EES (Envir Ed Specialist)
  - Notable CCC structures throughout park.
  - Lumber History
9. Identify the volunteers and partners that support the unit's recreation program.

---

## Interview Narrative by Unit

---

**Unit Name:** Colton Point SP

**Interview Date:** 10/4/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

**10. What is the one message that you want visitors to go home with?**  
Preserve and protect.

**11. Concerns and Suggestions?**  
Upgrading campsites to new standards does not make sense for every park. Smaller campsites are better suited to tent or backpacking users who are looking for peace and rustic atmosphere. Colton is a good place to keep campsites smaller and cater to hiking crowd.

## Interview Narrative by Unit

Unit Name: Cook Forest SP

Interview Date: 10/29/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Spring: first 2 trout season weekends

Mid June to Mid-August: use all week, camping, canoeing and cabins

Fall: weekend use, fall colors, driving

Hunting: first 2 days of deer and bear season, cabins booked through the week

Winter: low and sporadic use

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Lots of other activities in area

Family Tradition

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Campground site improvements

New restroom at Sawmill

Institute adopt-a-trail program

### 4. List opportunities for recreation growth and improvement.

Rehabilitate cabins - very worn.

New office/visitor center.

Repaving roads and parking lots.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Inadequate money for operations.

SAP and purchasing system are very time consuming.

Lots of growing pains with new systems.

Outdated computer systems that do not work well.

Too much paperwork that prevents public service.

### 6. Develop a visitor profile of who is visiting the unit.

First time visitors: 13% (1997 Customer Satisfaction Survey)

Families: 74% (1997 Customer Satisfaction Survey)

PA residents: 84% (1997 Customer Satisfaction Survey)

Average travel time: 1.75 hours (1997 Customer Satisfaction Survey)

Average annual visits: 10 (1997 Customer Satisfaction Survey).

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

June: Herb Festival at the Sawmill

August: Summerfest at the Sawmill

Easter Sunrise Service

Big Tree Extravaganza

Clarton River Half marathon

Kiddies Fishing Derby - sponsored by Marienville Rod and Gun Club

## Interview Narrative by Unit

Unit Name: Cook Forest SP

Interview Date: 10/29/2004

Interviewer Name: Brenda Adams-Weyant

French and Indian War Encampment - typically 3000-5000 attendees  
Multiple Sclerosis bike tour  
Woody Owl cleanup day  
Snowman Competition for kids  
Canoe/kayak outfitters - Pale Whale Canoe Livery, Clarion River Outfitting & Kayaking, Cook Forest Canoe Rentals, Horse Trail outfitter guides  
XC Ski rentals  
Numerous attractions in area

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Fulltime EES (Envir Ed Specialists)  
Old growth  
Native American History  
Pioneer settlements  
Logging History  
Civilian Conservation Corps  
Forest Fire prevention  
Clarion River history  
Natural History: wildlife, plants, aquatics, ecology, astronomy, wetlands, Recycling  
Active environmental education program: Junior Naturalist, Environmental Discover, Youth Environmental Learning Series, Field Learning experiences  
Teacher workshops - living history, songbirds, ecology, old growth, history.  
Some adult programming in winter.  
Tours of firetower - very popular.  
Rich Pawing living history presentations.  
CCC camp in park and built log cabin inn (salvaged chestnut logs), 2 Adirondack shelters, Nuthole center, dynamite shack, rec hall fireplace.  
Old logging towns: Cobbtown  
Bracket dams along Toms Run.  
Seneca Mineral Springs - popular in early 1900's for curative powers.  
Firetower built in 1929. Oldest structure in park. Only tower in PA Wilds that is open to public.  
Native American petroglyphs, stone carvings, corn grinding pits, Venango Trail, rock shelters.  
Memorial Fountain dedicated in 1950 to those who formed Cook Forest Association.

### 9. Identify the volunteers and partners that support the unit's recreation program.

Campground hosts  
Woody owl volunteers  
Sawmill Center partners  
Cook Forest Vacation Bureau  
Marienville Rod and Gun Club  
PGC, PFBC

---

## Interview Narrative by Unit

---

**Unit Name:** Cook Forest SP

**Interview Date:** 10/29/2004

**Interviewer Name:** Brenda Adams-Weyant

**10. What is the one message that you want visitors to go home with?**

Respect the resources.  
Pleasant, healthful outdoor experiences.

**11. Concerns and Suggestions?**

Visitors suspicious about PA Wilds motives  
Some managers think this is just another layer of work on an already overwhelming program.  
This is similar to the State Heritage Program, and that has worked well for Oil Creek SP and vicinity.  
Small business incentives are needed to help private business grow along with public lands.

## Interview Narrative by Unit

Unit Name: Complanter SF

Interview Date: 10/25/2004

Interviewer Name: Brenda Adams-Weyant

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**

Pedestrian trail use is a small use that occurs all year.  
Hunting is the heaviest use with peaks at the opening days of deer and bear seasons.

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**

Easy to walk trails and convenient parking.  
Anders Run Natural Area - old growth

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**

No recreation work

**4. List opportunities for recreation growth and improvement.**

Allow bicycle use on Hunter Run Trails.  
Update woodcock management demonstration area  
Interpret the Stone House near Anders Run in cooperation with ANF.  
Updating public use maps to a higher standard.  
Improve signing.

**5. Identify the limitations that affect the delivery of recreation services to visitors.**

Most people are not aware of state forests. Often confused with ANF.  
Signing along roads and trails to increase visitor awareness.

**6. Develop a visitor profile of who is visiting the unit.**

Average travel time: 3 hours  
Eastern Ohio, western Pennsylvania, western New York

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**

Tionesta Visitor Center  
Tionesta Indian Festival  
Tidoute Fishing Tournament

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

Gives 1-2 programs a month by request. Topics: fire prevention, cooperative forest management.  
Forest Demonstration Tour at Hunter Run area.  
Provides assistance to landowners on forest management.  
Actively involved with local schools: Selborne Program in Warren schools, Warren County Vo Tech, teacher workshops, Envirothon, Wilderness quest at Titusville schools.  
Lashure Trail is a self-guided interpretive trail focusing on natural history, management and conservation issues.  
1985 tornado damage.  
Potential to highlight more CCC accomplishments.  
Historic and present day oil and gas activities.

---

Unit Name: Complanter SF

Interview Date: 10/25/2004

Interviewer Name: Brenda Adams-Weyant

### 9. Identify the volunteers and partners that support the unit's recreation program.

NYPUM - youth program in Forest County

Scouts - tree planting

Pennsylvania Equine Council

Local conservation districts

PGC

ANF

Western PA Conservancy on river trail brochures

State parks help with law enforcement issues and recreation.

### 10. What is the one message that you want visitors to go home with?

Well managed and well maintained forest.

### 11. Concerns and Suggestions?

Locally negative publicity - UN take over, biosphere reserve, etc.

Need to maintain focus on sustainable forest.

Regional efforts seem to take away local control.

## Interview Narrative by Unit

Unit Name: Denton Hill SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?
3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.
  - Replace sewage treatment plant.
  - Rehabilitate ski lodge.
  - Replace heating system.
  - Resurface parking lots and roads.
4. List opportunities for recreation growth and improvement.
  - Provide orientation kiosks with maps sign and information on attractions.
  - Bunkhouse for winter visitors.
  - Trailhead for mountain biking.
  - Lodge is dated and needs lots of maintenance and rehabilitation.
  - Need to update snowmaking equipment
  - Tie park more to PA Lumber Museum to encourage park use in off seasons.
  - Need new concessionaire.
5. Identify the limitations that affect the delivery of recreation services to visitors.
6. Develop a visitor profile of who is visiting the unit.
  - Average travel time: 1 hour
7. List the special events, guide services and other visitor services in the vicinity of the unit.
  - August: Porter County Bowhunters Festival
  - Numerous archery events.
8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.
  - Hill Creek Complex: 9 month EES (Envir Ed Specialis)
9. Identify the volunteers and partners that support the unit's recreation program.
  - Susquehannock Lodge - XC ski trails grooming
10. What is the one message that you want visitors to go home with?
  - Preserve and protect.
11. Concerns and Suggestions?

## Interview Narrative by Unit

Unit Name: ELK SF

Interview Date: 9/27/2004

Interviewer Name: Brenda Adams-Weyant

1. Review the existing recreational resources, and discuss how use changes throughout the year.

2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Hunting traditions

Well kept secret.

Wild and undeveloped.

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Hicks Run viewing area

Brooks Run Trail

4. List opportunities for recreation growth and improvement.

Trying to move horse use away from Hicks Run area.

Development of the Elk Scenic Drive

5. Identify the limitations that affect the delivery of recreation services to visitors.

Difficult and inefficient to maintain hiking trails. Would be easier if trails were easily access by motor equipment to speed up maintenance.

Too few rangers for public contacts.

6. Develop a visitor profile of who is visiting the unit.

Average travel time: 4 hours

Central and SE Pennsylvania, western New York, Ohio

35% local use

65% more than 50 miles away

7. List the special events, guide services and other visitor services in the vicinity of the unit.

Elk Guides

September: Elk Expo

Snowmobile Dice Runs

8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Gives 2 programs a month by request. Topics: fire prevention, forest ecology, natural history, timber management, local history.

PA Cleanways and roadside beautification.

8 CCC camps within boundaries.

Coke ovens in the Bucktail Natural Area.

Gunpowder Industry in the Wykoff Run area because it was remote.

Some Quehanna bogs may be fire related. Extreme fire damaged soils.

CCC Memorial along SR 120 east of Emporium - nice site that needs a little renovation.

Bucktail regiment memorial on SR 555 in Driftwood.

Sinnemahoning Path and Allegheny Portage are Native American travel corridors.

Tom Mix Memorial on SR 555 near Mix Run.

Wykoff Run Natural Area has striking white birch that is especially nice during mountain laurel bloom.

---

## Interview Narrative by Unit

---

Unit Name: ELK SF

Interview Date: 9/27/2004

Interviewer Name: Brenda Adams-Weyant

Noble Chambers Memorial Forest is a tract dedicated for forest employees.

**9. Identify the volunteers and partners that support the unit's recreation program.**

Horse Trail volunteers - annual event  
Keystone Trails Association - trail maintenance on Quehanna and Bucktail Path  
Mountaineer Search and Rescue  
Litter Pickup  
Habitat maintenance  
Sportsmen's Clubs  
Rocky Mountain Elk Foundation  
PGC, PFBC  
Retirees  
Acid Mine Drainage work on Dents Run with DEP.  
Local Conservation Districts

**10. What is the one message that you want visitors to go home with?**

**11. Concerns and Suggestions?**

How much recreation is too much? LAC is a tool to help monitor use.  
People do not have realistic expectations when they come here. Need to understand that there are fewer modern amenities and more personal risks.  
Elk Scenic Drive signs are up before most of the facilities are built. People will be disappointed.  
Why hasn't this kind of tourism already taken off? Should this tell us something?  
Need to keep resources first.  
There has been a change in priorities but some aspects are lagging behind.

## Interview Narrative by Unit

Unit Name: Elk SP

Interview Date: 9/23/2004

Interviewer Name: Brenda Adams-Weyant

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?  
Good fishing.  
No horsepower limit on lake
3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.
4. List opportunities for recreation growth and improvement.  
Visitors asking for lodging on this side of the elk range. There are limited opportunities in this area. Elk SP would be a good place to add full-hookup campsites and/or cabins.  
Corps of Engineers has 60 campsites which is usually full on summer holiday weekends. They could get higher use if there were showers.  
Good candidate for elk relocation.  
Entrance road needs maintenance.
5. Identify the limitations that affect the delivery of recreation services to visitors.  
Size is a big limitation. Staff is small. Being a complex helps as you can shift as needed.
6. Develop a visitor profile of who is visiting the unit.  
Average travel time:  
Mostly west of this park: Ohio, PA, NY  
Seasonal home owners (Pittsburgh area)
7. List the special events, guide services and other visitor services in the vicinity of the unit.  
Bass Tournaments  
Fishing Tournaments
8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.  
Bendigo Complex: 3 month EIT (Envir Interp Tech)  
Not much interpretive potential.  
AMID remediation in watershed.  
Flooded town of Instanter (tannery town).  
Once known as the "Dead Sea of Elk County", conservation efforts have helped in water quality improvement.  
CCC camp in park at Streights.
9. Identify the volunteers and partners that support the unit's recreation program.  
Elk County Sportsmen installs fish structures, limes lake, trash pickup.  
River otter reintroduction.
10. What is the one message that you want visitors to go home with?
11. Concerns and Suggestions?

## Interview Narrative by Unit

Unit Name: Hills Creek SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.

2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?  
Family Tradition

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Campsite rehab - longer spurs.

Amphitheater rehab.

Replace campground restroom B.

ADA fishing pier and walkway.

Cabins rehab - flooring, new kitchen.

Waterfowl viewing blinds.

Trail rehab.

Replace pit latrines with composting toilets.

Rehab campground restrooms - flooring, ventilation, windows fixtures, roof.

Rehab picnic area restroom - flooring, ventilation, windows fixtures, roof.

Construct ADA addition to beach restroom.

4. List opportunities for recreation growth and improvement.

Wildlife viewing areas - good turtle basking areas, free viewing scopes or binoculars.

More programming opportunities - Leave No Trace, Tread Lightly, environmental ethics, do more interpretation.

Trail maintenance and rehab.

Need a regional hiking guide that covers all public trails.

Develop more standard interpretive panels that can posted at applicable parks.

5. Identify the limitations that affect the delivery of recreation services to visitors.

6. Develop a visitor profile of who is visiting the unit.

Average travel time: 1-2 hours

Blue collar families

7. List the special events, guide services and other visitor services in the vicinity of the unit.

July: Civil War encampment

Winterfest - winter camping, ice skating, XC skiing, wildlife watching, sledding, snowshoeing.

Earth Day Picnic

8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Hill Creek Complex: 9 month BES (Envir Ed Specialist)

3 month EIT

Only glaciated park in PA Wilds.

Migrating waterfowl.

Historic paint pigment mine in park (no remnants remain).

---

## Interview Narrative by Unit

---

**Unit Name:** Hills Creek SP

**Interview Date:** 10/4/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

Ice harvesting.

Maple sugaring.

Environmental Ed: Potential to expand into Junior Naturalist Program, Project Learning Tree, Project Wild.

Teachers Workshops.

Fishing skills instructions.

Guest speakers on lumber heritage, earth day, live history.

Night sky campers programs

**9. Identify the volunteers and partners that support the unit's recreation program.**

**10. What is the one message that you want visitors to go home with?**

Preserve and protect.

**11. Concerns and Suggestions?**

## Interview Narrative by Unit

Unit Name: Hyner Run SP

Interview Date: 10/14/2004

Interviewer Name: Brenda Adams-Weyant

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**

Spring trout season is busy.

Pool use is good.

Campground occasionally hills on summer holiday weekends. Park is busiest at this time.

Fall is slow other than Flaming Foliage festival time, some bear season campers.

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**

Cabin is very popular

Well maintained park

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**

Upgrade to flush toilet and showers.

Add sewage plant.

**4. List opportunities for recreation growth and improvement.**

Wayside interpretation.

**5. Identify the limitations that affect the delivery of recreation services to visitors.**

See Little Pine

**6. Develop a visitor profile of who is visiting the unit.**

Average travel time: : 2 hours

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**

October: Renovo Flaming Foliage Festival

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

Little Pine Complex: 6 month EIT (Envir Interp Tech)

No interpretive programs

**9. Identify the volunteers and partners that support the unit's recreation program.**

Campground hosts.

Scout projects

**10. What is the one message that you want visitors to go home with?**

**11. Concerns and Suggestions?**

See Little Pine

## Interview Narrative by Unit

Unit Name: Hyner View SP

Interview Date: 10/14/2004

Interviewer Name: Brenda Adams-Weyant

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**  
May through Mid-October is main use season.  
Overlook viewing, hang-gliders and motorcycle touring

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**  
Exceptional view.

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**  
Renovate view platform  
Widen road for buses  
Replace latrines with modern vault toilets.  
Improve and expand parking

**4. List opportunities for recreation growth and improvement.**  
Does not want to develop view like Leonard Harrison SP. Keep to a lesser development scale.  
Wayside interpretation.

**5. Identify the limitations that affect the delivery of recreation services to visitors.**  
See Little Pine

**6. Develop a visitor profile of who is visiting the unit.**  
Average travel time: 2-3 hours

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**  
October: Renovo Flaming Foliage Festival

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**  
Little Pine Complex: 6 month EIT (Envir Interp Tech)  
No interpretive programs  
Fire Warden Monument - interesting display of rocks from each state forest district.  
Would be a good place to interpret geology.

**9. Identify the volunteers and partners that support the unit's recreation program.**

**10. What is the one message that you want visitors to go home with?**

**11. Concerns and Suggestions?**

See Little Pine

## Interview Narrative by Unit

Unit Name: Kettle Creek SP

Interview Date: 10/12/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Trout fishing - heaviest of all uses, first couple of weeks in season.  
Camping filled on summer holiday weekends.  
Fall Foliage festivals in local area attract visitors.  
Deer, bear and pheasant hunting is a draw.  
Some weekday use by retired folks.  
Majority of visitors stay in park during their stay.

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Family tradition - a very loyal following  
Good fishing  
Peace and quiet, few problems  
Remoteness

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Shower building in the lower campground.  
Cabin colony in long range plans-few motel rooms in area.

### 4. List opportunities for recreation growth and improvement.

Need better access to lake for fishing - more parking with improved access paths to lake, put more breaks in guardrail.  
Cramped campsites in upper campground, may be a good place for camping cottages.  
Need to develop escape road as main access road into park.  
Need better water in upper campground - extend water line.  
Add wildlife viewing platforms - need a higher vantage point for good viewing in marsh area.  
Need pavilions near lake.  
Need to desilt lake.  
Sales area, but space is limited.  
Demonstration day with local canoe/kayak outfitter.  
Canoe and kayak races.  
Plan events to promote Audubon birding trail.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Staffing  
Not able to keep office open 5 days a week, less in off season.  
Need park rangers  
Staff presence prevents problems. Limited presence after office hours.  
Maintenance staff needs to grow as modern facilities are added.  
Need more money for flood control parks. Money for cleanup usually comes out of appropriated money.  
Limited time to plan special events and festivals.

### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 3-4 hours

## Interview Narrative by Unit

Unit Name: Kettle Creek SP

Interview Date: 10/12/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

Most visitors are not local (within 50 miles)

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

June: Kettle Creek Rattlesnake Roundup, Keystone Reptile Club

August: music festival at Quiet Oaks Campground

August: Woodsman's Show

Bass tournaments - 8-10 each year

October: Renovo Flaming Foliage Festival

Few outfitter guide services in area

Triathlon between Kettle Creek and Ole Bull SP

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Kettle Creek Complex: 3 month EIT (Envir Internp Tech)

Youth activities

Birds, bats, snakes, mammals

Night walks

Historical

Skywatching

Wildlife rehabilitation

PGC speakers

Youth Environmental Learning Series

CCC history of lower campground, rare wooden dam

### 9. Identify the volunteers and partners that support the unit's recreation program.

Campground hosts

Scouts- trail maintenance

Court Ordered community service

Career Link youth crews

PFBG - fishing structures

Sportsmen's club - funding and habitat work

Keystone Trails Association - trail maintenance

Bluebird trail monitors.

### 10. What is the one message that you want visitors to go home with?

Enjoy what we offer and plan to return.

### 11. Concerns and Suggestions?

Tough to meet visitors expectations right now if this marketing campaign continues. People who come here now understand what services are available. Marketing campaign is misleading. Right now good word of mouth is needed.

Employees take a lot of pride and ownership in Parks. Negative reactions from visitors may hurt morale. Stretching staff too thin will lead to poorer customer service.

Is it really necessary to throw out pamphlets when a new governor is elected?

City folks need to be told what to expect before they get here - from a very basic starting point. "Camping for Dummies"

It is important for government to provide service at the local level. This wins support.

---

## **Interview Narrative by Unit**

---

**Unit Name:** Kettle Creek SP

**Interview Date:** 10/12/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

## Interview Narrative by Unit

Unit Name: Kinzua Bridge SP

Interview Date: 9/23/2004

Interviewer Name: Brenda Adams-Weyant

1. Review the existing recreational resources, and discuss how use changes throughout the year.

2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Kinzua Bridge,  
2003 tornado damage.

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

New interpretive/visitor Center, styled as an old train station.  
Bridge stabilization to enable viewing at each end.

Trying to regain historical register status.

Amphitheater

Trail through debris field

Cabins or lodge would be a great addition on this end of US 6. Few services in this area.

4. List opportunities for recreation growth and improvement.

Knox Kinzua Railroad use is dropping off. Thinks this is due to poor service and maintenance. This is a huge opportunity if it was run well. Owner does not run steam engine because of high cost of operation, but this is what draws people.

5. Identify the limitations that affect the delivery of recreation services to visitors.

Size is a big limitation. Staff is small. Being a complex helps as you can shift as needed.  
Will need more staff when new facilities come online.

6. Develop a visitor profile of who is visiting the unit.

Average travel time:

Lots of international use, especially since bridge went down.

Visitors from all states.

PA 50%

US 30%

International 20%

7. List the special events, guide services and other visitor services in the vicinity of the unit.

September: Kinzua Bridge Festival - crafts, music, pony rides

8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Bendigo Complex: 3 month EIT (Envir Interp Tech)

High potential after new center is built

2003 tornado

Historic bridge

Forest succession

Lumber History

Oil History - at south end of Bradford oil field

Potential to cooperatively fund an interpreter for the KK Railroad. There is no programming done on scenic railroad, and visitors always have a lot of questions.

---

## **Interview Narrative by Unit**

---

**Unit Name:** Kinzua Bridge SP

**Interview Date:** 9/23/2004

**Interviewer Name:** Brenda Adams-Weyant

**9. Identify the volunteers and partners that support the unit's recreation program.**

Kinzua Bridge Foundation was established to raise money for bridge restoration. Now focused on Art Festival, which does not return any money to the park. Scouts do some trail maintenance.

**10. What is the one message that you want visitors to go home with?**

**11. Concerns and Suggestions?**

## Interview Narrative by Unit

Unit Name: Kittanning SF

Interview Date: 10/25/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Fall hunting seasons mark the peak of recreation use.

Several streams are stocked with trout and are heavily fished in April.

Trail use is good with a portion of the North County National Scenic Trail and several nice trails in the Clear Creek area.

Small amount of winter use.

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Hunting still a traditional use.

Family tradition.

Some use from adjacent state parks - Cook Forest and Clear Creek

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Closed many trails because of lack of use. Refined trail system and marked remaining trails.

### 4. List opportunities for recreation growth and improvement.

Canoe campground on Clarion River between SR 36 and Cook Forest SP. Working on acquiring road access for construction and maintenance.

Updating public use maps to a higher standard.

Rehab swinging bridges on the North County Trail

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Most people are not aware of state forests. Often confused with ANF or state parks.

Small land areas that have few attractions or recreation use.

Signing along roads and trails to increase visitor awareness.

### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 3 hours

Eastern Ohio, western Pennsylvania, western New York

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

June: Brookville Laurel Festival - promote a laurel tour on the state forest.

State Park events: Lumber Heritage days at Clear Creek, French and Indian War Encampment at Cook Forest.

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Gives 1-2 programs a month by request. Topics: fire prevention, cooperative forest management

Forest Demonstration Tour near Clear Creek SP.

Local history information at Beartown Rocks.

Involved in Envyrothon with local high schools.

Provides assistance to landowners on forest management.

Historic sawmill along Clear Creek. Foundations and dam remnants.

Help scouts with merit badges.

Potential to highlight more CCC accomplishments.

First logging railroad grade in PA along John's Run.

---

## Interview Narrative by Unit

---

**Unit Name:** Kittanning SF

**Interview Date:** 10/25/2004

**Interviewer Name:** Brenda Adams-Weyant

Monument at first oil well in Jefferson County.

**9. Identify the volunteers and partners that support the unit's recreation program.**

NYPUM - youth program in Forest County

Scouts - tree planting

Pennsylvania Equine Council

Local conservation districts

PGC

ANF

Western PA Conservancy on river trail brochures.

State parks help with law enforcement issues and recreation.

**10. What is the one message that you want visitors to go home with?**

Well managed and well maintained forest.

Certification program.

See all the benefits a working forest can provide - timber products, wildlife habitat or aesthetics.

**11. Concerns and Suggestions?**

Locally negative publicity - UN take over, biosphere reserve, etc.

Need to maintain focus on sustainable forest.

Regional efforts seem to take away local control.

## Interview Narrative by Unit

Unit Name: Leonard Harrison SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

New maintenance and office buildings  
Sewage upgrades  
Provide ADA access to office.  
Add ADA overlook to viewing area.  
Trail rehab on Turkey Path.  
Rehab overlook fence.  
Construct camping cottage colony.

4. List opportunities for recreation growth and improvement.

Orientation signs at overlooks.  
Provide orientation kiosks with maps sign and information on attractions.  
Need new shower and flush toilets facilities.  
Need pathway from parking to overlook.  
Need some bus parking alternatives, space is limited.  
Need to be sensitive to crowding, cannot keep adding more parking spaces.

5. Identify the limitations that affect the delivery of recreation services to visitors.

Need more staff for public contacts -rangers and interpretation/environmental education.  
Should require a natural resources background in ranger candidates.  
Need quality, modern and accessible facilities.

6. Develop a visitor profile of who is visiting the unit.

First time visitors: 60% (1997 Customer Satisfaction Survey)  
Families: 78% (1997 Customer Satisfaction Survey)  
PA residents: 71% (1997 Customer Satisfaction Survey)  
Average travel time: 5.3 hours (1997 Customer Satisfaction Survey)  
Average annual visits: 2 (1997 Customer Satisfaction Survey).  
Lots of tour buses

7. List the special events, guide services and other visitor services in the vicinity of the unit.

Pine Creek Outfitters in Ansonia - guides raft trips, canoe and bike rentals, shuttles  
Wild Asaph Outfitters - high end backpacking  
Nature Quest - wagon and horse rides  
TPA tour packages  
Annual CCC reunion.  
Gift shop at overlook visitor center

## Interview Narrative by Unit

**Unit Name:** Leonard Harrison SP

**Interview Date:** 10/4/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

### **8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

Hill Creek Complex: 9 month EES (Envir Ed Specialist)

Geologic history of Pine Creek Gorge.

Native American use of Pine Creek as a travel route.

CCC displays in pavilion at overlook. CCC statue.

CCC built park.

CCC incinerator - opportunity for public to be involved in archaeological excavation.

Lumber History.

Apple cider making.

Night sky programs.

### **9. Identify the volunteers and partners that support the unit's recreation program.**

Tioga County Tourism promotion office

Wellsboro Parks and Rec Department

Nature Quest

Conservation volunteers

Campground Hosts

Mid-State Trail Association

Keystone Trails Association

Mansfield University

### **10. What is the one message that you want visitors to go home with ?**

Preserve and protect.

### **11. Concerns and Suggestions?**

Marketing cart is before the horse.

Budget reductions will affect services more as each year passes - deferred maintenance and staff burnout.

PA Wilds has great potential, but it needs to be driven by resource/field staff.

Concerned about shared staff interpretive personnel. Would be too much time spent traveling between sites.

Tight budgets may concentrate use further and impact natural resources, lower customer satisfaction.

Having Elk logo for all of PA Wilds is misleading to visitors. Need to be aware of this in marketing campaigns.

Need to develop attitude and strategy to retain an attract good people.

Looking for assurance that resource is foremost in this project.

Need real time information to share with visitors - wildlife sightings, lodging availability, trail conditions, weather, night sky features, etc.

Need to make trail maintenance a priority. Less than 1% of resource spent on trails.

Concern about centralized purchases. Need to ensure local vendors still have an opportunity. Support local economies.

Reduction in fleet vehicles - makes operations and maintenance even more difficult.

## Interview Narrative by Unit

Unit Name: Little Pine SP

Interview Date: 10/14/2004

Interviewer Name: Brenda Adams-Weyant

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**  
Spring: trout season is busiest time in park  
Campground is full on summer holidays, otherwise mostly weekend use

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**  
Quality of service.  
Personal service.  
Peace and quiet

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**  
Recently completed new office building, showers buildings in campground.  
Add viewing blinds to the archery range.

**4. List opportunities for recreation growth and improvement.**  
Dredge lake.  
Add fish structures because all stumps were removed from lakebed during creation.  
Wayside interpretation.  
Tie more to Pine Creek opportunities.  
Interpret dam creation and purpose.

**5. Identify the limitations that affect the delivery of recreation services to visitors.**  
Staffing  
Less money and less productivity

**6. Develop a visitor profile of who is visiting the unit.**  
First time visitors: 16% (1997 Customer Satisfaction Survey)  
Families: 82% (1997 Customer Satisfaction Survey)  
PA residents: 92% (1997 Customer Satisfaction Survey)  
Average travel time: 1.75 hours (1997 Customer Satisfaction Survey)  
Average annual visits: 4 (1997 Customer Satisfaction Survey).

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**  
Fall Festival - 800-2000 attendees

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**  
Little Pine Complex: 6 month EIT (Envir Intern Tech)  
Environmental Ed: Junior Naturalist, Environmental Discovery Day, Home-schoolers, teacher workshops.  
Natural History Interpretation: bats, reptiles, amphibians, little critters, flying squirrels, stargazing, predator calling.  
Does some interp programs on Pine Creek rail-trail.  
Monument to Major Fred Bowles who was a local journalist and conservationist.  
Long history of severe floods in Little Pine valley  
CCC monument in campground.

---

## Interview Narrative by Unit

---

**Unit Name:** Little Pine SP

**Interview Date:** 10/14/2004

**Interviewer Name:** Brenda Adams-Weyant

3 Cemeteries in park: English Mills (1816), Carsontown (1879), Otter Run (1819).  
Park is working on collecting photos and information on local history.

### **9. Identify the volunteers and partners that support the unit's recreation program.**

Bluebird nest box monitoring

Campground hosts.

Scout projects - trail maintenance, tree planting, flood cleanup.

### **10. What is the one message that you want visitors to go home with?**

We provide quality service and well maintained facilities and visitors will want to return.

### **11. Concerns and Suggestions?**

Region 1 does not get its fair share of the state park budget.

Every passing year squeezes more and more out of employees. System is anemic.

Quality of field people makes the system work.

Need to increase employee and budget for PA Wilds to work. System is already stretched thin.

Why are budget cuts always in the field rather than across all levels of DCNR?

Park budgets should increase when new, more complex facilities are built.

Plenty of money for construction, little for maintenance.

## Interview Narrative by Unit

Unit Name: Lyman Run SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Replace Lyman Run Dam.

Modernize campground restrooms.

Replace concession boat dock

Rehab boat launch dock

ADA fishing access - platform, parking, walkway

Trail rehab - drainage structures and surfacing

Construct Yurt and camping cottage colony.

4. List opportunities for recreation growth and improvement.

Provide orientation kiosks with maps sign and information on attractions.

Add modern cabins, which are lacking in general vicinity.

Many snowmobile trails in area that dead end and do not form useable loops. Opportunity to close some loops for a better quality maintained system.  
High demand for boat moorings.

5. Identify the limitations that affect the delivery of recreation services to visitors.

6. Develop a visitor profile of who is visiting the unit.

Average travel time: 3 hours

ATV Campers - there is an ATV trailhead in park.

7. List the special events, guide services and other visitor services in the vicinity of the unit.

Susquehannock Lodge caters to high end pedestrian users. Many Canadian clients.

8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Hill Creek Complex: 9 month BES (Envir Ed Specialist)

CCC camp S88 in park maintenance area. Camp also used for German POWs.

Lumber History - chemical wood factory in area.

May be a great blue heron rookery in area.

Wants to re-establish a purple martin colony.

Easy bird viewing because lake is narrow.

Nice vernal ponds and salamander populations.

Good bat population.

9. Identify the volunteers and partners that support the unit's recreation program.

Strong local support that helped secure funding to rebuild dam.

Potter County Educational Council.

Potter County Bird Club developed checklist for park.

---

## Interview Narrative by Unit

---

**Unit Name:** Lyman Run SP

**Interview Date:** 10/4/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

**10. What is the one message that you want visitors to go home with?**  
Preserve and protect.

**11. Concerns and Suggestions?**  
ATV trailhead in park conflicts with most other park users who are looking for peace and quiet.

## Interview Narrative by Unit

Unit Name: Moshannon SF

Interview Date: 10/21/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Spring: first weekend of trout season is heavy

May-December: hiking

September-October: archery

October: fall colors

November-December: turkey season, bear season, first day of deer

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Family tradition, especially with lease camp owners.

Nice place to get away.

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Quehanna trail alignment

Trail bridge replacements at Mosquito Creek

Viewing sites at Beaver Run and Hoover Farm

New food plots at Three Runs Road and Sand Rock Road

### 4. List opportunities for recreation growth and improvement.

Bordering airport is state owned land. Airport is struggling to survive. What will come of this land when it folds? Would be good to see some food plots there, and let it convert back to natural habitat.

Would like to see state forests stay as dispersed recreation areas without facilities like restrooms, trailheads and campgrounds.

Need to maintain roads to control erosion and aid in wildfire control.

Will need more rangers if recreation growth continues.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Need a recreation specialist on staff - right now it is part time duties for a forester.

Equipment is getting older and needing more repairs. This is tough with present budget.

### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 4-5 hours

Quehanna Trail attracts people from US and overseas.

Most visitors from eastern Ohio, PA and Maryland.

Key is easy access from I-80

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

Elk Country Adventures in DuBois - outdoor sightseeing packages that include hiking, biking, horseback riding, or helicopter rides.

Elk Guides

Tom Mix Festival

Quehanna Rally

CCC Reunion and Festival

January: Winter Family Festival at Parker Dam- YMCA sponsors, races, ice fishing, family oriented

January: Black Moshannon Winter Festival - contests, ice harvesting, sleigh rides, sledding, fishing derby

## Interview Narrative by Unit

Unit Name: Moshannon SF

Interview Date: 10/21/2004

Interviewer Name: Brenda Adams-Weyant

High Country Arts and Crafts festival at SB Elliott

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Gives 1-2 programs a month by request. Topics: fire prevention, forest ecology, natural history, outdoor survival skills.

1985 tornado damage

Wild Turkey Federation Jakes Event.

Works with PGC and local Sportsmen's Groups on Youth Field Day.

Gives career day talks at schools.

Involved with Vocational Education program on forestry in Clearfield school district.

Can still find charcoal cooking areas along Six Mile Run Road.

Dague Nursery important history in reforestation of state forest. Has an old photo collection.

The firetower cabin on Rattlesnake Pike is an old stone building: DCNR owned.

Some old CCC buildings are now leased camps.

Plumbe Forge along Six Mile Run Road was a pig iron furnace. Some ruins.

Millsstone used by Native Americans along Little Medix Run.

Panther Rocks is an interesting rock outcrop along Four Mile Road.

Wolf Rocks is an interesting rock outcrop along Horse Hollow Road.

### 9. Identify the volunteers and partners that support the unit's recreation program.

Quehanna Trail Club

Black Moshannon Snowmobile Club

PA Habitat Unlimited - recreation and stream improvements

Keystone Trails Association

Penn State Outing Club

Moshannon Firefighters Association

Boy Scouts

Many long-term individual volunteers

Mosquito Creek Sportsmen

PGC on food plot maintenance and law enforcement

Rocky Mountain Elk Foundation

National Wild Turkey Federation

Ruffed Grouse Society

Trout Unlimited

Centre County Concerned Sportsmen

Bennett's Branch Watershed Association

Anderson Creek Watershed Association

Simemahoning Sportsmen Club

Local conservation districts

### 10. What is the one message that you want visitors to go home with?

Working forests are necessary.

It is still possible to have a nice experience in a working forest.

---

## Interview Narrative by Unit

---

**Unit Name:** Moshannon SF

**Interview Date:** 10/21/2004

**Interviewer Name:** Brenda Adams-Weyant

### 11. Concerns and Suggestions?

New radio system that is being implemented will erect many more towers but will not have as good as service as present system.

Need an investment system for vehicles and equipment to ensure they are repairs and replaced when needed.

Could use another forest maintenance division.

Need to set realistic expectations with visitors - amenities are few, risks are higher.

Keep state forests wild.

Balance use with resource capability.

Will there be additional staffing?

New landfill in Snowshoe will be visible from Elk Scenic Drive.

Do people know about state forests and their objectives?

How will this impact other resource management? There is an opportunity for education about working forests. Need to coordinate this between districts and have a proactive approach.

## Interview Narrative by Unit

Unit Name: Ole Bull SP

Interview Date: 10/12/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.

2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Family tradition - a very loyal following  
Peace and quiet, few problems  
Remoteness

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

New beach house with showers and lifeguard office  
Campsite improvements  
New bathhouse in camping area 2

4. List opportunities for recreation growth and improvement.

Add wildlife viewing platforms.  
Camping Cottages in long range plans. There are few motel rooms in the area.  
New office with visitor information area.  
Interpretation on Ole Bull.

5. Identify the limitations that affect the delivery of recreation services to visitors.

Staffing  
Not able to keep office open 5 days a week, less in off season.  
Need park rangers  
Staff presence prevents problems. Limited presence after office hours.  
Maintenance staff needs to grow as modern facilities are added.  
Limited time to plan special events and festivals.

6. Develop a visitor profile of who is visiting the unit.

First time visitors: 20% (1997 Customer Satisfaction Survey)  
Families: 77% (1997 Customer Satisfaction Survey)  
PA residents: 93% (1997 Customer Satisfaction Survey)  
Average travel time: 3.75 hours (1997 Customer Satisfaction Survey)  
Average annual visits: 2 (1997 Customer Satisfaction Survey)  
Draws visitors from Norway, where Ole Bull is a cultural icon.

7. List the special events, guide services and other visitor services in the vicinity of the unit.

June: Fishing Derby  
August: Ole Bull Midnight Madness Mountain Bike Endurance race  
Expand cultural events

8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Kettle Creek Complex: 3 month EIT (Envir Interp Tech)  
Historical - Ole Bull, failed settlement attempt in 1852

## Interview Narrative by Unit

**Unit Name:** Ole Bull SP

**Interview Date:** 10/12/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

Located along the historic Coudersport Jersey Shore Highway (SR 44).

Site of CCC Camp S87

Ole Bull Cabin was a CCC building for CCC officers

Ole Bull cemetery north of park on private land

Trout bypass structure in dam

### 9. Identify the volunteers and partners that support the unit's recreation program.

Campground hosts

Spring Cleanup weekend

Scouts- trail maintenance

Court Ordered community service

Career Link youth crews

PFBC - fishing structures

Keystone Trails Association - trail maintenance

Susquehannock Trail Club - trail maintenance

Ridge Runners Mountain Bike Club helps with Mountain Madness Event.

Bluebird trail monitors.

Volunteer cleanup weekend in late April.

### 10. What is the one message that you want visitors to go home with?

Enjoy what we offer and plan to return.

### 11. Concerns and Suggestions?

Tough to meet visitors expectations right now if this marketing campaign continues. People who come here now understand what services are available. Marketing campaign is misleading. Right now good word of mouth is needed.

Employees take a lot of pride and ownership in Parks. Negative reactions from visitors may hurt morale. Stretching staff too thin will lead to poorer customer service.

Is it really necessary to throw out pamphlets when a new governor is elected?

City folks need to be told what to expect before they get here - from a very basic starting point. "Camping for Dummies"

It is important for government to provide service at the local level. This wins support.

## Interview Narrative by Unit

Unit Name: Parker Dam SP

Interview Date: 9/24/2004

Interviewer Name: Brenda Adams-Weyant

1. Review the existing recreational resources, and discuss how use changes throughout the year.

2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Family tradition.

CCC enrollees.

Friendly park staff

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

4. List opportunities for recreation growth and improvement.

Dam at Parker needs repairs.

Create a pet camping loop.

Additional horse trails.

Archaeology field schools.

New campground loop.

Theme based itineraries - elk watching, old growth, CCC, Lumber history, geology, fishing skills, big tree tour, birding basics.

Leave no Trace training.

State Parks and Forests Passport - like NPS passport.

Touch screen info centers with "I've camps", up to date info on wildlife watching, reservations, festivals.

Model train village of an old logging town.

Original artwork displayed in visitor's centers that is auctioned at end of season. Money stays in park/forest.

Will need additional guides to help visitor's experience the Wilds. DCNR employee would be a way to control quality

Additional funding opportunities: expert lead tours, specialized programs, book sales.

5. Identify the limitations that affect the delivery of recreation services to visitors.

Visitors to parks expect services.

Need more flexibility in the management plans.

6. Develop a visitor profile of who is visiting the unit.

PA resident campers within 25 miles: 33%

PA residents campers greater than 25 miles away: 48%

Out of state campers: 18%

PA resident cabins within 25 miles: 24%

PA residents cabins greater than 25 miles away: 68%

Out of state cabins: 7%

First time visitors: 12% (1997 Customer Satisfaction Survey)

Families: 87% (1997 Customer Satisfaction Survey)

PA residents: 91% (1997 Customer Satisfaction Survey)

Average travel time: 1.75 hours (1997 Customer Satisfaction Survey)

Average annual visits: 5 (1997 Customer Satisfaction Survey)

## Interview Narrative by Unit

Unit Name: Parker Dam SP

Interview Date: 9/24/2004

Interviewer Name: Brenda Adams-Weyant

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

January: Winter Family Festival - YMCA sponsors, races, ice fishing, family oriented  
March Weekends: Maple Sugaring  
March-June: Environmental education  
April: Woodsy Owl Weekend - volunteers get free camping for helping cleanup the park  
Labor Day Weekend: Woodchick Weekend - amateur competitions, demonstrations, camp cook  
Elk Country Adventures in Dubois - outdoor sightseeing packages that include hiking, biking, horseback riding, or helicopter rides.  
NW PA Great Outdoors TPA is working on packaging programs with parks and local businesses.

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Parker Dam Complex: Fulltime EES (Envir Ed Specialist)  
Environmental education: Hunter education,  
Interpretation: Apple cider making, Maple sugaring, Natural history, Cultural history, Wildlife, Stewardship  
CCC camp S73 located in park  
1985 tornado damage  
Splash Dam remnants on nearby streams  
Recreated logslide on east side of lake  
CCC interpretive center

### 9. Identify the volunteers and partners that support the unit's recreation program.

YMCA - sponsors Winter Festival  
Woodsy cleanup weekend  
Adopt a trail  
Campground hosts  
Divers volunteer to clean lake  
Court-ordered community service  
Bluebird box maintenance and record keeping  
CCC volunteers  
PGC - DMAP, law enforcement, hunter and trapper education  
SF - Weeblu activities  
PFBC - liming and special guest speakers

### 10. What is the one message that you want visitors to go home with?

#### 11. Concerns and Suggestions?

Need to add positions when new facilities or parks are added  
When parks are complexed, it is harder to get staff to the smaller parks and the smaller parks suffer.  
Need for a rest area on I-80 near SR 153. Bad weather pulls a lot of trucks off I-80 and into SB Elliott.  
Need to keep a campground at SB Elliott for passers-by on I-80.  
The trial to allow pets at campgrounds has simply reconfirmed what they knew. People take their pets into restrooms, have them unleashed, do not pickup after them, and leave them barking in a campsite. It is not the pet, it is their owners.  
Need to maintain older parks when a park has been improved nearby.  
Difficult to find certified lifeguards.

---

## **Interview Narrative by Unit**

---

**Unit Name:** Parker Dam SP

**Interview Date:** 9/24/2004

**Interviewer Name:** Brenda Adams-Weyant

Need to educate locals about land stewardship and encourage it on private land.

## Interview Narrative by Unit

---

Unit Name: Patterson SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?
3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.  
Replace pit latrines with unisex trailhead restroom  
Resurface road
4. List opportunities for recreation growth and improvement.  
Provide orientation kiosks with maps sign and information on attractions.  
Make this a trailhead park for the Susquehannock Trail.  
Provide hike-in shelters for backpackers.
5. Identify the limitations that affect the delivery of recreation services to visitors.
6. Develop a visitor profile of who is visiting the unit.  
Average travel time: 4 hours
7. List the special events, guide services and other visitor services in the vicinity of the unit.
8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.  
Hill Creek Complex: 9 month EES (Envir Ed Specialis)  
Lumber History  
Located along the historic Coudersport Jersey Shore Highway (SR 44)
9. Identify the volunteers and partners that support the unit's recreation program.  
Susquehannock Trail Club - trail maintenance
10. What is the one message that you want visitors to go home with?  
Preserve and protect.
11. Concerns and Suggestions?

## Interview Narrative by Unit

---

Unit Name: Prouty Place SP

Interview Date: 10/4/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

1. Review the existing recreational resources, and discuss how use changes throughout the year.
2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?
3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

## Interview Narrative by Unit

Unit Name: SB Elliott SP

Interview Date: 9/24/2004

Interviewer Name: Brenda Adams-Weyant

1. Review the existing recreational resources, and discuss how use changes throughout the year.

2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Some visitors remember when it was a big attraction.

Proximity to I-80 - convenient stop for travelers

Peaceful, historic atmosphere

3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

4. List opportunities for recreation growth and improvement.

Introduction to winter sports at SB Elliott, equipment rentals, professional instruction.

Big Bands, Big Times at SB Elliott - festival that transports you back to the 1940's, period dance lessons, big bands, etc.

5. Identify the limitations that affect the delivery of recreation services to visitors.

Visitors to parks expect services.

Need more flexibility in the management plans.

6. Develop a visitor profile of who is visiting the unit.

PA resident campers within 25 miles: 32%

PA residents campers greater than 25 miles away: 22%

Out of state campers: 43%

PA resident cabins within 25 miles: 15%

PA residents cabins greater than 25 miles away: 79%

Out of state cabins: 6%

7. List the special events, guide services and other visitor services in the vicinity of the unit.

Wild Turkey Federation - Jakes event

High Country Arts and Crafts festival

PA Center - visitor and travel information

Elk Country Adventures in DuBois - outdoor sightseeing packages that include hiking, biking, horseback riding, or helicopter rides.

NW PA Great Outdoors TPA is working on packaging programs with parks and local businesses.

8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Parker Dam Complex: Fulltime EES

Cultural history

CCC history

Natural history

Theme based - bears, bats

9. Identify the volunteers and partners that support the unit's recreation program.

Wild Turkey Federation sponsors Jakes youth event.

PA Center host

---

## Interview Narrative by Unit

---

Unit Name: SB Elliott SP

Interview Date: 9/24/2004

Interviewer Name: Brenda Adams-Weyant

### 10. What is the one message that you want visitors to go home with?

SB Elliott State Park has a long history of recreation and being a gateway to the Wilds of Pennsylvania.

### 11. Concerns and Suggestions?

Restore the PA Center to a restaurant as it had been in its heyday.

## Interview Narrative by Unit

Unit Name: Sinnemahoning SP

Interview Date: 10/26/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Fewer trout fishers than in the past - first couple of week of trout season are heavy use  
June to August - campers, families, reservations a must  
September - Elk watching draws campers on weekends  
January to July - bald eagle nesting draws viewers  
November to December - day use hunting

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Family tradition, solitude, remoteness, quality resource

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

T21 grant for Low Lands Trail to widen trail, resurface, boardwalks, wayside interpretive signs, hiking loops, viewing blinds at a wetland.  
3 Interpretive Kiosks at Overlook, 40 Maples, and the wildlife viewing area.

### 4. List opportunities for recreation growth and improvement.

Visitor Center with interpretive displays, incubator businesses and meeting space.  
Electricity remaining campsites.  
Add camping cottages in addition to campsites.  
Develop a solid environmental education program for adults. Research based programming, bird banding, land uses planning, monarch watching program, computer lab.  
Incorporate volunteers.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Money.  
Need professional staff - rangers, contact personnel.  
Support services are stretched thin.  
Need to interact with visitors more in a preventive and educational manner.

### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 3-4 hours.  
65% come from more than 55 miles away.  
Some European visitors.

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

July: PA Lumber Museum - Bark Peelers Convention  
July: Austin Dam show  
Elk Tour - bugle corps, volunteers and guides for viewing  
Summer: Cherry Springs SP Woodsmen's Show, Star Parties  
October: Sizerville SP - Autumn Festival  
October: Renovo Flaming Foliage Festival  
June: Sinnemahoning Rattlesnake Roundup, Sinnemahoning Sportsmen Assoc.  
Bass tournaments on reservoir - a few spectators  
There are no canoe outfitters in area.

## Interview Narrative by Unit

Unit Name: Sinnemahoning SP

Interview Date: 10/26/2004

Interviewer Name: Brenda Adams-Weyant

Thompson Fly Fishing Guide Services in Sinnemahoning.  
Mountaintop Outfitters in Emporium - elk tours, horseback trail rides, fishing guides, hunting guides.

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

3-6 month EIT (Envir Interp Tech)  
Interpretive programs: bats, migrants, monarchs, owls, snakes  
Youth environmental education programs - YELS (Youth Environmental Learning Series) program  
Volunteer for bald eagle watching  
Pontoon boat interpretive and environmental education programs - lake ecology, bald eagles, history.  
Public contact on Elk Scenic Drive.  
Volunteers have assembled some logging history of area.  
Flood Control and reservoir construction.  
Smith's Cemetery - dates from 1825.  
Lushbaugh CCC Camp 130, 1933-36.  
Brooks Run Lodge was a building in the CCC camp.

### 9. Identify the volunteers and partners that support the unit's recreation program.

Bugle Corps - education and outreach  
Eagle Watchers - education and outreach  
Campground Hosts - service  
Rocky Mountain Elk Foundation - grants and volunteers  
PGC - food plot maintenance  
Sportsmen's Clubs - Youth Field Day  
Snowmobile Clubs - trail maintenance  
Williams/TransCo - money for wildlife projects  
PFBC - adopt a lake program, fishing structures

### 10. What is the one message that you want visitors to go home with?

How to be better stewards of our natural resources.

### 11. Concerns and Suggestions?

Putting the cart before the horse - need to get resources and staffing online before people start coming and marketing starts.  
Need to provide resources and training during transition.  
Staffing is so limited - stretched too thin.  
Visitor needs to be cared for first, not administration.  
Choose a few trusted local community members who can help DCNR spread the positive messages of PA Wilds. Talk to them about the potential for local communities and the need for community involvement. People are more often swayed when they hear it from a friend.

## Interview Narrative by Unit

Unit Name: Sizerville SP

Interview Date: 10/27/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Park serves as a trailhead for snowmobile use.

Winter: Good amount of snowmobile and XC skiing.

Spring: lots of environmental education

Summer: camping and pool use throughout week, very busy on weekends with pavilion use.

September-October: Environmental education, fall colors, use throughout week.

November-December: hunters and camper on weekends

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Clean facilities - staff takes a lot of pride in good maintenance.

Quietness, intimate atmosphere

Good amount of repeat use.

People know what to expect and are satisfied.

Serves as a gateway to the Elk SF.

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

New amphitheater

Improved a few campsites.

### 4. List opportunities for recreation growth and improvement.

Need a hiker shuttle - frequently requested by backpackers.

All employees should have the same uniform because the different uniforms are confusing to the public.

Sales opportunities - local artist does nice pen and ink drawings of local scenes.

New office with sales area.

Rustic cabin colony.

Acquire hotel property at park entrance. This would be a good place for new office, and would protect park from inappropriate development.

Expand Environmental Education Specialist position to fulltime.

Need emphasis on trail maintenance.

Sizerville could use more park land - can land be transferred from state forest?

Need to blur lines between state forests and state parks in regards to staffing. Each have unique skills that would benefit the other.

A "Friends Group" would be great to have at Sizerville.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Managers are so consumed with administrative and clerical duties, there is no time to recruit volunteers, network with local communities, or generate new ideas (like Cherry Springs dark skies).

Everyone needs fulltime clerical staff to enable managers to manage.

Funding does not come to Region I.

Employees are not held accountable. Need to cull out poor performers.

### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 7 hours

60% of use is from within a half hour drive

## Interview Narrative by Unit

Unit Name: Sizerville SP

Interview Date: 10/27/2004

Interviewer Name: Brenda Adams-Weyant

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

October: Autumn Fest: pioneer skills, crafts, demonstrations, 2400 maximum participants

September: Elk Expo

Austin Dam show

Emporium Art Festival

PA Little league playoffs in Emporium

Mountainop Outfitters in Emporium - elk tours, horseback trail rides, fishing guides, hunting guides

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

8.5 month EES (Envir Ed Specialist)

Environmental Ed: teacher workshops, 3 county school districts, head start, home-schoolers,

Interpretive programs: vernal pools, logging history, watersheds

Potential interpretive subjects: Emporium, Sylvania plant, historic dynamite factories, Woodhick lifestyle, Sizer family, mineral springs, Gardeau.

The Allegheny Portage was a Native American travel route.

Great Salt Lick was an important native American hunting grounds. Mined salt to preserve food.

Hotels and sanitarium built around curative mineral spring (pre 1920).

CCC camp S85 along East Cowley Run (1933-35). Many of the camp structures now serve as park admin buildings. Also built 5 pavilions, fireplaces, stone restroom.

Reintroduction of beaver to PA took place in East Cowley Run in 1917.

Park opened in 1919. When was the park system started??

### 9. Identify the volunteers and partners that support the unit's recreation program.

Campground hosts

Bird banding program

Autumn Festival

Volunteers help with day camps

Good interagency cooperation: PGC, PFBC, state forest

### 10. What is the one message that you want visitors to go home with?

How great it is to be outdoors. How to respectfully enjoy the outdoors.

### 11. Concerns and Suggestions?

Sizerville environmental ed. & interp program should focus on youth education. Sinnemahoning can focus on interpretation and adult education.

Every park/complex should have a compliment of basic, standard positions: clerical, maintenance and rangers.

There needs to be an evaluation of staff cross all state parks. Put staff where priority needs are.

Develop a liaison position in each regional office that communicates with local community groups, elected officials, governments, about park issues, projects, needs, etc. This would free up managers.

Need to work with local planning commissions to educate them about land uses, need for zoning and land use planning.

It is hard to connect with PA Parks and Forests Foundation. There is lots of potential here. Another duty for the Regional Liaison.

DCNR bias against vault toilets, but they are very economical for lesser developed areas. Modern designs are cost effective and manage odor better.

Civil service commission job standards for park professionals (managers and environmental education) should required a college degree in a related field.

Should be an option to help employee pay for higher or continuing education.

Provide mandatory training in different formats, like online, to reduce costs and increase employee efficiency.

Vary topics in annual training to encourage innovation and continued learning.

---

## **Interview Narrative by Unit**

---

**Unit Name:** Sizerville SP

**Interview Date:** 10/27/2004

**Interviewer Name:** Brenda Adams-Weyant

Need an emphasis on converting quality seasonal employees to fulltime employees.  
Increase interaction with other state park systems to aid in innovation.  
Build meeting rooms into new park offices that can be available to others for meetings for a small fee. Also a good pace for environmental education.

## Interview Narrative by Unit

Unit Name: Sproul SF

Interview Date: 9/28/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Winter: Snow sports and ATV trail use

Spring: Fishing, hunting, canoeing

Summer: Camping and ATV trail use

Fall: Hunting

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Quiet and isolation

Family tradition

ATV Trails

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Timber Management Demo Area

Expansion of Bloody Skillet ATV Trail - connection to Snowshoe (in planning stages now, open late 2005)

### 4. List opportunities for recreation growth and improvement.

Expand Panther Snowmobile Trail.

Provide after hours information at District Office.

Construct trail on railroad grade from Orviston to Beech Creek, this will connect to Pine Creek.

Construct trail to connect Donut Hole Trail to Chuck Keiper Trail.

Construct canoe camping area at Cooks Run on SR 120.

13 hiking trail bridge replacements.

Add a camping loop at the Bloody Skillet ATV Trailhead.

Secure a right-of-way to get snowmobiles trail into Renovo from the north.

Improve cell coverage.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

Services are lacking - no cell service, and few restrooms, restaurants and lodging options.

After dark opportunities/entertainment is lacking

Additional facilities will necessitate more staffing.

Vandalism is a problem.

Tourism will put more demand on local emergency (volunteers) services that are already thread-bare.

Many locals do not welcome tourists.

### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 2-3 hours

Many visitors from Harrisburg-York area

Many ATV riders from New York state

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

October: Renovo Flaming Foliage Festival

Brandywine Enduro event - motorcycle race on state forest

## Interview Narrative by Unit

Unit Name: Sproul SF

Interview Date: 9/28/2004

Interviewer Name: Brenda Adams-Weyant

Ted's Hiking Excursion with KTA  
Snowmobile Poker Runs  
West Branch Susquehanna Race - ends at Karthaus  
Canoe outfitters at Shawville ((McCracken's Canoe) and Lock Haven (Rock, River and Trail Outfitters)  
Dirty Daubers (AMA Sanctioned Event)  
Summer poker runs using motorcycles and state highways becoming more popular.

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

First Purchase monument recognizes first state forest land.  
Gives 3-4 programs a month by request. Topics: fire prevention, forest management, Hunter Safety.  
Employees involved in Envrithon.  
10 CCC camps within boundary.  
1985 tornado damage.  
Historic and recent fire damaged landscapes.  
Extensive timber sales during 1940s to aid the war effort.  
450 square miles of forest with no permanent residents, electric or telephone service.  
Log Slide a Pete's Run near Renovo - remnants still visible.  
Incline from Bitumen to Milligan Run - remnants still visible  
Town of Kato - abandoned coal town, RR bed, foundations, old RR tunnel, old RR bridges  
Revelton Mine Camp- 1853 iron furnace, still standing.  
Site of oldest fossil in North America along SR 120 near North Bend. Shows transition from water to land. Fossils over 300 million years old. Site should probably not be developed. In Bucktail Natural Area.

### 9. Identify the volunteers and partners that support the unit's recreation program.

KTA Trailcare  
Lehigh Valley ATV Association - trail maintenance  
Black Moshannon Snowmobile Club - trail maintenance  
Hyner Mountain Snowmobile Club - trail maintenance  
Rocky Mountain Elk Foundation  
Sportsmen's Groups - conservation related projects  
Trout Unlimited  
County Tourism Bureaus  
PGC food plot maintenance

### 10. What is the one message that you want visitors to go home with?

This is a large working forest that produces timber, water, wildlife, minerals and recreation for the citizens of PA. A model for multiple use management.

### 11. Concerns and Suggestions?

Lodging on state land will compete with already struggling private businesses. Should help private businesses to succeed before taking this step.  
A lot of folks coming to the Elk Scenic Drive expect to see elk everywhere. Information needs to be clear that this is a wildlife watching and scenic drive.

## Interview Narrative by Unit

Unit Name: Susquehannock SF

Interview Date: 10/6/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**

Winter use is dependent on snow. Occurs mostly on weekends.

Spring: first weekend of trout season, and first weekend of spring gobbler is heavy use

Summer holidays are heavy use - leased camps, dispersed camping. Very family oriented.

Fall: first day of bear season and first 2 days of deer season are heavy use.

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**

Good opportunities in a pleasant forest setting.

ATV, snowmobile and hiking trails have a lot of visitor loyalty.

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**

Trailhead upgrades.

Trail maintenance.

Focus has been on maintenance rather than new construction.

**4. List opportunities for recreation growth and improvement.**

Have a need for short hikes. As they maintain more trails and get a better inventory, they are finding many opportunities.

Opportunity to partner more with PA Lumber Museum to interpret sustainable forestry.

Check out Blue Mountain Lake in the Adirondacks. They have a wonderful museum on logging history from all points of view.

Driving tours: sustainable forestry, history.

Lumber Museum has a great potential for being a big draw. Need to expand on this resource.

**5. Identify the limitations that affect the delivery of recreation services to visitors.**

**6. Develop a visitor profile of who is visiting the unit.**

Average travel time: 4-5 hours

County population is low, so small percentage of use of local use.

Many visitors from York, Harrisburg and Lancaster area.

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**

August: Ole Bull Midnight Madness Mountain Bike Endurance race, runs on state forest.

Previous guiding businesses have not been successful.

June: Kettle Creek Rattlesnake Roundup, Keystone Reptile Club

Bark Peelers Convention at the Lumber Museum

August: Woodsmen's Show at Cherry Springs - professional lumberman events and contests

Susquehannock Trail Pro Rally - road race on Tioga and Susquehannock Forests. Not much DCNR support for event, but lots of political and community pressure to continue.

June: Potter County Marathon follows US 6.

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**

Gives 1-2 programs a month by request. Topics: fire prevention, forest ecology, wilderness skills, leave no trace skills, natural history.

Helps with Youth Field Day.

Has a traveling contact station in a trailer that is taken to many local festivals.

## Interview Narrative by Unit

**Unit Name:** Susquehannock SF

**Interview Date:** 10/6/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

Gives guided walks on Sustainable Forest Interpretive Trail during festivals at the PA Logging Museum. Has held information sessions with local businesses and sportsmen's clubs to help them understand silviculture and logging practices. CCC cabin at Cherry Springs firetower.  
CCC cabin at Cherry Springs firetower.  
Big Trestle Road was a logging railroad.  
Dyer Road CCC Camp has a couple of CCC buildings that are now leased camps.  
Keystone Shared Use Trail goes by a CCC dynamite shack and other brick and block buildings.  
Watertank Hollow has several logging era switchbacks. This is located on Mt. Brodhead Trail.

### **9. Identify the volunteers and partners that support the unit's recreation program.**

CCC cabin at Cherry Springs firetower leased to scouts in exchange for trail maintenance.  
Susquehannock Trail Club - trail maintenance  
Potter County Trailblazers are at-risk youth that do trail maintenance.  
PA Conservation Corps - trail maintenance, construction projects.  
Miscellaneous trail volunteers.  
Does job shadowing for local students.  
Wild Turkey Federation and PGC help with habitat improvements.  
Snowmobilers generally maintain trail on private land. Little is done on SF.  
Does not get any help from ATV riders.

### **10. What is the one message that you want visitors to go home with?**

Enjoyable experience.  
Appreciate the resource.

### **11. Concerns and Suggestions?**

Has been making an effort to clear trails marked on public use map to aid in search and rescue and to get hunters farther into the woods.  
Public use maps need to be consistent, and updated regularly across all forest districts. Many trails have been developed into roads, other have faded altogether. Institute legend symbols show a gradient between open roads, gated roads, state forest hiking trails, district hiking trails and primitive pathways. Develop maintenance and marking standards for each level.  
Has heavy local pressure to open roads to ATV use. Riders are starting to apply political pressure. Employees feel that current policy is best - should hold the course. Allowing ATV use on open forest roads is dangerous for all road users and will affect other recreationists.  
Important not to change the PA Wilds to attract people. The attraction is the wild woods.  
Locals are sensitive to crowding. They live here because it is quiet.  
Militia groups are very leery of government initiatives. They have much local influence.  
64% of PA revenue from state forests comes from timber harvest on the Susquehannock District.  
Many of the districts trailheads are located right at the district office compound. This had provided an excellent opportunity to interact with visitors because the office is adjacent.  
Also cuts down on maintenance costs.

## Interview Narrative by Unit

Unit Name: Triadaghton SF

Interview Date: 9/29/2004

Interviewer Name: Brenda Adams-Weyant

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Strong visitor loyalty

Family tradition

Hunting camps

Quality experience = service and landscape

Pine Creek is more than a regional attraction

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

### 4. List opportunities for recreation growth and improvement.

Add hiking trail loops in the Wolf Run Wild area - 50 mile system

Add mountain biking trail system.

#### PINE CREEK

1. Install canoe launch & signs: Gamble Run, Slate Run, Black Walnut Bottom, Bonnell Flats, Clark Farm, Ross Run, Hamilton Bottom, Ramsey, Torbert Island
2. Informational kiosks are needed at all trailheads and canoe access areas. Pay phones should be installed where service is available.
3. Manage some of the Pine Creek tributaries as wild brook trout streams and eliminate stocking.
4. Complete Rail Trail to Jersey Shore
5. Whitetail Trailhead: vault restrooms, improve road entrance and parking lot
6. Replace Black Forest Trail Bridge
7. Signs directing visitors to services should be posted along SR 44 and 414 to help visitors find services that are not evident.
8. Install interpretive signs at trailheads, access points and trail/road waysides where there are special cultural or natural history stories, or behavioral problems.
9. Develop small campgrounds for camping along stream and trail.
10. Eliminate water wells that have unpalatable water or that have a history of testing unsafe.
11. Charge for camping permits. Develop a computerized camping permit system that allows users to purchase a permit for a nominal fee at any DCNR office.
12. To further protect fragile riparian areas, adopt a policy that only allows camping at designated campgrounds.
13. Staffing: Equipment Operator B: 2
14. Staffing: Maintenance Repairman: 1
15. Staffing: Clerk: 1
16. Staffing: Recreation Professional: 1
17. Expand maintenance facilities at Jersey Mills
18. Provide Ranger coverage in Pine Creek Valley 24/7.
19. Provide training in recreation services/public contacts to district personnel, and advanced recreation training for the recreation staff that includes accessibility, customer service, and communication skills.
20. Develop a management plan
21. Develop a DCNR office in Avis to serve as the gateway to Pine Creek and the PA Wilds.
22. Develop policy that would allow SF to keep recreation fees within the district. Need to be charging outfitters and guides that operate on state forest a fee for private use on public land. They generate income from public land that should be shared to help keep facilities maintained.
23. Develop a voluntary membership for parks and forests.
24. Encourage livery services for hikers, bikers and canoeists to reduce vehicle congestion along Pine Creek.

## Interview Narrative by Unit

Unit Name: Tiadaghton SF

Interview Date: 9/29/2004

Interviewer Name: Brenda Adams-Weyant

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

State Forests need to hire recreation specialists for jobs rather than foresters.  
Need agency recognition that recreation is part of mission.  
Need quality maps and handouts. Consistent across forest districts.  
Charge for deluxe maps (waterproof, detailed backpacking maps, etc).  
Need some general fund money to fund recreation program.  
Recreation program work comes at the detriment of regular duties. Needs its own budget and staffing.

### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 4 hours  
More easterly than westerly: Philadelphia, Rochester NY, Washington DC

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

Snowmobile Poker Runs  
Fishing Derbies  
Canoe Race  
Fall Fest at Little Pine SP  
Chili Cook-off  
Adventure Race - hiking, XC skiing, multi-modal  
Fishing Outfitter in Slate Run (Wolfe's General Store)  
Canoe Liveries in Waterville - Names??  
Pine Creek Outfitters in Ansonia - guides raft trips, canoe and bike rentals, shuttles

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Gives 1-2 programs a month by request. Topics: fire prevention, forest ecology, wilderness skills, leave no trace skills, natural history.  
Leads hikes for the public.  
Offers free bike helmets to kids on Pine Creek Trail.  
8 CCC camps within boundary.  
Tiadaghton Elm - Fair Play provision, Jersey Shore.  
Native Americans use of Pine Creek as a travel route.  
Slate Run has interesting logging history and remaining remnants.  
Several old cemeteries: Bonnell, Gibson Hollow, Slate Run, English Island.  
Antes Fort - Revolutionary War, just below the moth of Antes Creek on a high bluff.  
Oldest known site of cultivation of corn in PA at Pine Breeze Island.  
Cemetery at Jersey Shore oldest in the area.

### 9. Identify the volunteers and partners that support the unit's recreation program.

Scouts  
Pennsylvania Equine Council  
Mid-state Trail Association  
A few dedicated volunteers that help with trail maintenance and conservation projects.  
PGC - share equipment, provide manpower, maintain foodplots.  
PFBC - fishing structures, fish ladders

---

## Interview Narrative by Unit

---

**Unit Name:** Triadaghton SF

**Interview Date:** 9/29/2004

**Interviewer Name:** Brenda Adams-Weyant

North Central Conservancy - land acquisition  
DEP - permits

**10. What is the one message that you want visitors to go home with?**

Nice place and nice people. I want to return again.

**11. Concerns and Suggestions?**

Concerned that there is not more community involvement since the success of this effort depends on public opportunities and private businesses. State police do not respond to parks and forests. Need some reliable law enforcement. Perhaps coop agreements with local sheriffs or police departments.

## Interview Narrative by Unit

Unit Name: Tioga SF

Interview Date: 10/7/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

### 1. Review the existing recreational resources, and discuss how use changes throughout the year.

Use is generally on weekends.

December-Mid-March: snowmobile

April -October: Fishing

April-June: rafting, canoeing

April-November: camping, hiking, biking

October-December: hunting

all use uses are minor in amount.

### 2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?

Town and facilities are clean and well maintained.

Great scenery.

Family tradition, especially with lease camp owners.

### 3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.

Pine Creek Trail maintenance and rehabilitation.

Adding chlorinators to wells along at Pine Creek waysides because of poor water quality.

In design stage of Pine Creek extension to Wellsboro Junction. Lots of landowners negotiations and some lawsuits.

Building an accessible trail to Barbour Rocks.

Check growing greener database.

### 4. List opportunities for recreation growth and improvement.

Need more surveyors to reduce backlog of land exchanges.

Update training requirements: public contacts, GIS, leases.

Need equipment and vehicles to support operations.

Improve maintenance headquarters.

Keep a close on road conditions when use increases. Need to maintain to reduce erosion.

Need to increase parking capacity at District Office.

Provide bulletin boards with public information at all trailheads.

Keep public use maps current, and keep a good supply for the public.

Develop standards for trail maintenance and signing.

Need guidelines to protect recreation facilities and users when their resource management occurs nearby.

Use public surveys to monitor public use and attitudes.

#### PINE CREEK

1. Install canoe launch & signs: Tidayhton, Hoffman, Rattlesnake Rock

2. Informational kiosks are needed at all trailheads and canoe access areas. Pay phones should be installed where service is available.

3. Backwell Trailhead: expand parking

4. Manage some of the Pine Creek tributaries as wild brook trout streams and eliminate stocking.

5. Complete Rail Trail to Wellsboro Junction

6. Rattlesnake Rock: contact station, replace restroom

7. Darling Run: expand parking, pave entire lot, replace restroom

## Interview Narrative by Unit

**Unit Name:** Tioga SF

**Interview Date:** 10/7/2004

**Interviewer Name:** Brenda Adams-Weyant, Rob Tizard

8. Construct vault restroom where the Turkey Path and Pine Creek Trail intersect.
9. Signs directing visitors to services should be posted along 414 to help visitors find services that are not evident.
10. Install interpretive signs at trailheads, access points and trail/road waysides where there are special cultural or natural history stories, or behavioral problems.
11. Tiadaghton: replace restroom
12. Encourage the use of Hoffman Campground to reduce spring camping pressure in the Gorge area.
13. Develop small campgrounds for camping along stream and trail.
14. Eliminate water wells that have unpalatable water or that have a history of testing unsafe.
15. Charge for camping permits. Develop a computerized camping permit system that allows users to purchase a permit for a nominal fee at any DCNR office.
16. To further protect fragile riparian areas, adopt a policy that only allows camping at designated campgrounds.
17. Staffing: Equipment Operator B: 1
18. Staffing: Maintenance Supervisor: 1
19. Staffing: Clerk: 1
20. Staffing: Recreation Professional: 1
21. Expand maintenance headquarters at Ansonia
22. Provide Ranger coverage in Pine Creek Valley 24/7.
23. Provide training in recreation services/public contacts to district personnel, and advanced recreation training for the recreation staff that includes accessibility, customer service, and communication skills.
24. Develop a management plan
25. Develop policy that would allow SF to keep recreation fees within the district. Need to be charging outfitters and guides that operate on state forest a fee for private use on public land. They generate income from public land that should be shared to help keep facilities maintained.
26. Develop a voluntary membership for parks and forests.
27. Encourage livery services for hikers, bikers and canoeers to reduce vehicle congestion along Pine Creek.

### 5. Identify the limitations that affect the delivery of recreation services to visitors.

#### 6. Develop a visitor profile of who is visiting the unit.

Average travel time: 4-5 hours

Visitors from York, Harrisburg and Lancaster area: traditional visitor, middle income families.

Out of state: New Jersey and New York

New influx from Philadelphia, Montgomery and Bucks Counties: sightseers and bicyclists to Pine Creek.

Tioga Visitors bureau has visitor data.

### 7. List the special events, guide services and other visitor services in the vicinity of the unit.

Pine Creek Outfitters in Ansonia - guides raft trips, canoe and bike rentals, shuttles

Canyon Cruises Outfitters in Wellsboro - guided rafting and fishing on Pine Creek, shuttles.

Frone Acres

Nature Quest: horse rides on state forest

Mountain Trail Horse Center in Wellsboro - canyon wagon rides, horseback adventures.

Mountain Laurel Festival in Wellsboro has a nice driving tour (on SF?)

Susquehannock Trail Pro Rally - road race on Tioga and Susquehannock Forests. Not much DCNR support for event, but lots of political and community pressure to continue.

September: Laurel Classic Mountain Bike Race in Asaph area on state forest.

10K Race in private land near Wellsboro airport.

Host a National River Cleanup event on Pine Creek.

## Interview Narrative by Unit

Unit Name: Tioga SF

Interview Date: 10/7/2004

Interviewer Name: Brenda Adams-Weyant, Rob Tizard

### 8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.

Gives 1-2 programs a month by request. Topics: fire prevention, forest ecology, natural history.

Offers free bike helmets to kids on Pine Creek Trail.

CCC Camps are all signed.

Forest demonstration area along Landrus Road. Signs are small text, laminated on sign boards along road. There is no parking.

Landrus was a coal mining (deep mine) town, first electric mine in the world.

Falbrook is a logging and coal mining town. Can see remnants of town and mine.

Monument to an aircraft wreck in Kramer Hollow.

Town of Triadaghton has an interesting railroad switchback. Some on private property.

Railroad grade from Arnot to Morris is very nice.

Bowen Run Bog has pitcher plants and blueberries.

Bald Eagle nest across from Cedar Run Inn

Winter is a good time to see river otters on Pine Creek.

The marshland from Ansonia to Wellsboro Junction has great wildlife watching potential.

Acid mine drainage reclamation on Babbs Creek has great interpretive potential.

Public Wild Plant Sanctuaries on SF have a great educational potential.

Pine Island has Native American rock carvings.

Hesslegessel Millstone is an old quarry where partially finished millstones can still be found.

### 9. Identify the volunteers and partners that support the unit's recreation program.

Few very dedicated volunteers: Darling Run Visitor Center, others.

Local bike club maintains Asaph Trails.

Babbs Creek watershed Association has been active since the 1990's. AMD reclamation.

Grand Canyon Snowmobile Association.

Keystone Trails Association - trail maintenance.

Mid-state Trail Association - trail maintenance

### 10. What is the one message that you want visitors to go home with?

People make this happen.

On a multiple use forest you can still have quality experiences.

### 11. Concerns and Suggestions?

Local opinion that public land detracts from tax base.

Resources come first.

Some trails are infrequently maintained.

Keeps the PA Wilds wild.

Illegal ATV use in Asaph, Arnot and open forest roads.

Pine Creek is a good place to connect with people who are disconnected to the land.

Need to blend or coordinate state forest and state park messages.

## Interview Narrative by Unit

---

Unit Name: Upper Pine Bottom SP

Interview Date: 10/14/2004

Interviewer Name: Brenda Adams-Weyant

**1. Review the existing recreational resources, and discuss how use changes throughout the year.**  
Spring trout season is busiest time.

**2. Highlight the features that attract visitors. What leads to loyalty and repeat visits?**  
Park is basically a roadside pull off with a picnic table. There is no attraction.

**3. Discuss the implementation of the latest management plan and any projects that have been started or completed since its approval.**  
None

**4. List opportunities for recreation growth and improvement.**  
None

**5. Identify the limitations that affect the delivery of recreation services to visitors.**  
See Little Pine

**6. Develop a visitor profile of who is visiting the unit.**  
Trout fishers.  
Picnickers

**7. List the special events, guide services and other visitor services in the vicinity of the unit.**  
None

**8. Discuss the natural, cultural and historical features that are interpreted, and the potential for new topics.**  
Little Pine Complex: 6 month EIT (Envir Interp Tech)  
No interpretive programs

**9. Identify the volunteers and partners that support the unit's recreation program.**  
None

**10. What is the one message that you want visitors to go home with?**

**11. Concerns and Suggestions?**  
See Little Pine
